“We would like to respectfully acknowledge the Bundjalung people who are the Traditional Custodians and First Peoples of the Land on which our school stands.”
Kindergarten Orientation
Tomorrow sees the start of our Kindergarten Orientation Program. We welcome into the school the children who will be starting kindergarten next year. The children will attend class with Mr Mack, our current kinder and some Year 5 buddies, then they will join the other children in the playground for recess. The next three Wednesdays after tomorrow are also Kinder Orientation so if you know of any siblings or children not yet enrolled for next year, please ask them to contact the office.

Intensive Swimming
Well done to our swimmers. Over the last fortnight the children made remarkable progress and it is always terrific to hear the reports from the teachers and the pool staff about the wonderful behaviour displayed by our students. Well done!

Halloween Disco
Our Halloween disco was a wonderful night. Thanks to all the parents who sent their children in their amazing costumes. We raised about $50.00 to go towards the SRC.

Jennifer Smedley, Principal

**SPORT REPORT**

School Swimming
Congratulations to all students who participated in the 2014 Intensive Swimming Scheme. All students showed improvement in confidence and technique.
Students were given their certificates on Friday 31st October. Please look at the skills check list to see what your child can practice. Skills marked with an L means they are 'learning' the skill.

Regards Mr Mack
Kinder Orientation Dates for students starting in 2015

- 5th November 9:15 am to 11:15am
- 12th November 9:15 am to 11:15am
- 19th November 9:15 am to 11:15am
- 26th November 9:15 am to 11:15am

**What is Gravity**

Gravity is a force that pulls things down.

The earth is made of three different parts. The three different parts are the crust, mantle and core. In the core of the earth it is very hot and there is a lot of iron. The iron moves very fast. It goes fast and it makes gravity.

Isaac Newton was sitting under the apple tree and a apple fell on his head. He thought there was a magnet pulling the apple and then he discovered gravity.

By Romany

**School Canteen – a tool for learning**

As part of the school environment the school canteen is an education opportunity.

The children are learning about the Australian Guide to Healthy Eating:

The children are learning in class about having every day foods most of the time and sometimes foods (chips, confectionary, muesli bars, pies etc) only sometimes.

Buying lunch from the canteen is a chance to reinforce this message by choosing salad rolls and wraps, sushi, or other every day foods.

Lynnie P, Student Welfare Officer
